Leave Only Footprints Patch

ALL AGE LEVELS

Who owns Camp Tanasi? If you're a Girl Scout, you do! By working together, we can make sure our camp is a wonderful place for girls for years to come. To earn the patch, while at camp girls need to:

Leave your unit clean:

1. Sweep out cabins or tents, unit house and bathroom. Prop mattresses on their sides; tie flaps closed with half-bows.
2. Pick up all trash in and around buildings.
3. Clean all cooking equipment. If cast iron was used, oil it with a light coating of vegetable oil.
4. Clean bathrooms thoroughly.
5. Report any damaged areas or safety problems.

Complete an Angel Kaper:

Either arrange a project in advance with the Property Manager or Camp Director or choose one of the following:

1. Pick up trash along the lakeshore or along Raccoon Run; bags and gloves are available at check-in from the camp office.
2. Clean out a fireplace and/or fire circle (either in your unit or elsewhere in camp such as the amphitheater). Make sure fires are **completely** extinguished; rake out the cold ashes and distribute in the woods.
3. Clean the main camp bathhouse or pool bathhouse* (* water is off during winter months)
4. Pick up sticks and rocks from the fields in main camp (these damage our mower).

Show that Girl Scouts Love the Earth

1. Compost your troop's food waste from each meal and follow the directions posted in your unit. Compost bins are located near the Trading Post.
2. Recycle. Take glass, plastic and aluminum home and recycle in your community.

As a troop, complete the information requested below. After checkout, ask the Property Manager or the Camp Master on duty to sign that your troop completed this patch. Patches can be purchased at the Girl Scout Shop in the Knoxville Office.

Our troop completed the following Angel Kaper at Camp Tanasi:

We noted the following needed repairs and/or safety problems (include location):

Troop Leader Signature & Date
