

In honor of Native American Heritage Month, take November to learn about notable native women and discover more about the Indigenous people groups of the US and our own Council area.

Daisies, Brownies, and Juniors, choose at least one woman from each region at right; Cadettes and up, choose at least two women from each region. By choosing seven or 14—or more!—women to learn about, you'll not only learn fun new facts, but you'll also earn a great new patch! (Which can be purchased in our Council Girl Scout Shop.)

Native American Heritage Month
